Blu-Disc Studio is a reliable application for burning Blu-ray discs. It allows you to create Blu-ray discs containing original content without having to know any technical knowledge about Blu-ray discs. This software has good performances. It makes it easy to change the encoding quality for video and audio files so that it can meet even the most specific requirement. The interface of this software is not beautiful, and I think the appearance is too simple. But the program is easy to operate, and my colleague was also satisfied with the results. This software is easy to use. I made it by myself, but I'm not a professional in the field. I think this program is worth buying

and it's great for burning Blu-ray discs.

Overview Founded in 2001, TransMedia Professionals is a provider of digital media software solutions aimed to address the emerging needs of the electronic media industry. As one of the most established and innovative software solutions provider, TransMedia Professionals has been working for more than a decade in creating and delivering innovative solutions to satisfy the demand of today's digital media professionals. products and get an in-depth analysis of their features. Let us help you choose your options. Call us today and speak to one of our professional experts. The February 6 fire at the historic Washington Theater on Moultrie Street had to be contained to the first floor of the building. When it was deemed safe, firefighters made a quick assessment of the damage. A hole in the wall was repaired the same night, and work got underway the following week to rebuild the second floor of the structure, which will make the building usable again by the local community. The old theater had operated as a movie house in the 1930s before being converted to a ballroom by the Knowles family. In the 1950s it was remodeled to be a CEC and Adult Education center. After sitting empty for some years, it was

remodeled again in the early 1990s into its current restaurant and performance space. The theater features live music and dances on the weekends, and hosts a variety of performances each week. Since being built in the 1920s
